It helps to understand some key terms

CareFirst member cost: The maximum amount providers can charge CareFirst members for a specific service.

Deductible: Depending on your plan, you'll need to pay for some services on your own until you reach your deductible. Then your plan starts helping with the cost of your care.

Out-of-pocket maximum: The most you'll pay for covered services in a plan year. After you spend this amount on care costs, your plan will pay 100% of the CareFirst member costs for the rest of the plan year.

How your CareFirst plan works

BluePreferred PPO

See any provider

With BluePreferred PPO, you have the freedom to visit any provider you choose. We also offer online tools and resources at [carefirst.com](https://www.carefirst.com) that give you the flexibility to manage your health care and wellness goals wherever you are.

Take advantage of your benefits

- \$0 cost for comprehensive preventive health care visits.
- Choose any provider you want—no referrals required.
- A network of over 43,000 CareFirst Preferred Provider Organization (PPO) providers—primary care providers (PCP), nurse practitioners, specialists, hospitals, pharmacies, urgent care centers, convenience care clinics and diagnostic centers—in Maryland, Washington, D.C. and Northern Virginia.
- If you need care outside CareFirst BlueCross BlueShield's (CareFirst) service area of Maryland, Washington, D.C. and Northern Virginia, you have access to thousands of providers in all 50 states and receive in-network benefits when you see a BlueCard® PPO provider.

Benefits at a glance

Preventive care and sick office visits

You are covered for all preventive care as well as sick office visits.

Large provider network

You can choose any doctor from our large network of providers. Our network also includes specialists, hospitals and pharmacies—giving you many options for your health care.

Specialist services

Your coverage includes services from specialists without a referral. Specialists are doctors or nurses who are highly trained to treat certain conditions, such as cardiologists or dermatologists.

Prescription drug coverage

Your plan covers prescription drugs.

Hospital services

You're covered for overnight hospital stays. You are also covered for outpatient services, those procedures you get in the hospital without spending the night. Your PCP or specialist must provide prior authorization for all inpatient hospital services and may need to provide prior authorization for some outpatient hospital services such as rehabilitative services, chemotherapy and infusion services.

BluePreferred PPO

Labs, X-rays or specialty imaging

Covered services include provider-ordered lab tests, X-rays and other specialty imaging tests (MRI, CT scan, PET scan, etc.).

Well-child visits

All well-child visits and immunizations are covered.

Maternity and pregnancy care

You are covered for doctor visits before and after your baby is born, including hospital stays. If needed, we also cover home visits after the baby's birth.

Mental health and substance use disorder

Your coverage includes behavioral health treatment, such as psychotherapy and counseling, mental and behavioral health inpatient services and substance use disorder treatment.

How your plan works

CareFirst BlueCross BlueShield (CareFirst) has the region's largest network of doctors, pharmacies, hospitals and other health care providers that accept our health plans. Because networks vary among CareFirst health plans, make sure you're familiar with your specific plan's network.

In-network doctors and health care providers are those that are part of your plan's network (also known as participating providers). When you choose an in-network provider, you'll pay the lowest out-of-pocket costs.

Out-of-network doctors and health care providers have not contracted with CareFirst. If you choose to receive care from an out-of-network provider, you can expect to pay more and, in some cases, may be responsible for the entire amount billed.

Getting started with your plan

No matter which health plan you have, one of the first things you should do is choose an in-network primary care provider or PCP. By visiting your PCP for routine visits as recommended, he/she will get to know you, your medical history and your habits.

BluePreferred PPO gives you flexibility and choices when you need care.

CareFirst Preferred Provider Organization (PPO) network
or
BlueCard® PPO network
(outside of MD, DC, and Northern VA)

Non-participating providers

In-network you pay: \$

Visit any CareFirst PPO network provider or when receiving care outside Maryland, Washington, D.C., and Northern Virginia, visit any BlueCard® PPO provider. No referrals necessary.

Out-of-network you pay: \$\$

Visit a non-participating provider. No referral required. Balance billing may apply.

BluePreferred PPO

Having a PCP who is familiar with your health can make it easier and faster to get the care you need. In addition, when you choose a PCP, you are one step closer to earning a financial reward!

With access to nearly 92 percent of all physicians in the United States, your doctor is likely in the network. To find regional and national providers, visit our *Find a Provider* tool (carefirst.com/doctor) and search by the CareFirst BlueCross BlueShield or CareFirst BlueChoice, Inc. (CareFirst) plan or by your doctor's name.

Your benefits

Step 1: Meet your deductible (if applicable)

If your plan requires you to meet a deductible, you will be responsible for the cost of your medical care up to the amount of your deductible. However, this deductible does not apply to all services.

Examples of in-network services not subject to deductible*:

- Adult preventive visits with PCP
- Well-child care and immunizations with PCP
- OB/GYN visits and pap tests
- Mammograms
- Prostate and colorectal screenings
- Routine prenatal maternity services

Step 2: Your plan will start to pay for services

Your full benefits will become available once your deductible is met. However, the level of those benefits will depend on whether you see in-network or out-of-network providers. Depending on your particular plan, you may also have to pay a copay or coinsurance when you receive care.

You will have a different deductible amount for in-network vs. out-of-network benefits and the in-and out-of-network medical deductibles contribute toward one another. For example, when you see in-network providers, your expenses will count towards both your in-network deductible and out-of-network deductible. Deductible requirements vary based on your coverage level (e.g. individual, family) therefore if more than one person is covered under your plan, please refer to your Evidence of Coverage for detailed deductible information.

In general, nonparticipating providers don't have an agreement with CareFirst to accept the allowed benefit as payment in full for their services. This means the provider could bill you based on the actual charge for the service and you would be responsible for paying the balance between what we allow for the benefit and the actual charge.

Remember, you may be required to pay a nonparticipating provider's total charges at the time of service and submit a claim for reimbursement.

Step 3: Your out-of-pocket maximum

Your out-of-pocket maximum is the maximum amount you will pay during your benefit period. Any amount you pay toward your deductible (if applicable) and most copays and/or coinsurance will count toward your out-of-pocket maximum.

Just like your deductible, the in- and out-of-network out-of-pocket maximum contributes toward one another. Once your out-of-pocket maximum is satisfied, copays or coinsurance amounts will not be required.

Please keep in mind that out-of-pocket requirements also differ if your coverage is either an individual or family plan. Detailed information on out-of-pocket maximum amounts can be found in your Evidence of Coverage.

* This is not a complete list of all services. For a comprehensive explanation of your coverage, please check your Evidence of Coverage.

Out-of-area coverage

You have the freedom to take your health care benefits with you—across the country and around the world. BlueCard PPO, a program from the Blue Cross and Blue Shield Association, allows you to receive the same health care benefits while traveling outside of the CareFirst service area (Maryland, Washington, D.C. and northern Virginia). The BlueCard program includes more than 6,100 hospitals and 600,000 other health care providers nationally.

Global coverage

If you travel outside of the U.S., access to quality medical coverage is essential to keeping you healthy and productive. With BlueCross BlueShield Global Core* solutions from CareFirst, you'll receive:

- Access to nearly 170,000 English-speaking providers and more than 11,500 hospitals in nearly 200 countries worldwide
- 24/7 telephone support
- Seamless claims processing/reimbursement designed for occasional or short-term travel, the Core plan connects members with their home plan benefits to provide basic medical coverage outside of the U.S.

For more information on Global Core, please call 800-810-BLUE (2583).

Important terms

ALLOWED BENEFIT: The maximum amount CareFirst approves for a covered service, regardless of what the doctor actually charges. Providers who participate in the PPO network cannot charge our members more than the allowed amount for any covered service.

COINSURANCE: The percentage of the allowed benefit you pay after you meet your deductible.

COPAY: A fixed-dollar amount you pay when you visit a doctor or other provider.

DEDUCTIBLE: The amount of money you must pay each year before your plan begins to pay its portion for the cost of care.

IN-NETWORK: Doctors, hospitals, labs and other providers or facilities that are part of the CareFirst's regional and national PPO network.

OUT-OF-NETWORK: Doctors, hospitals, labs and other providers or facilities that do not participate in CareFirst's regional and national PPO network.

BluePreferred Summary of Benefits

Note: Allowed Benefit is the fee that participating providers in the network have agreed to accept for a particular service. The participating provider cannot charge the member more than this amount for any covered service. Example: Dr. Carson charges \$100 to see a sick patient. To be part of CareFirst's network, he has agreed to accept \$50 for the visit. The member will pay their copay/coinsurance and deductible (if applicable) and CareFirst will pay the remaining amount up to \$50.

- * No copayment or coinsurance.
- 1 When multiple services are rendered on the same day by more than one provider, Member payments are required for each provider.
- 2 In-network: When covered services are rendered by a provider in the Preferred Provider network, care is reimbursed at the in-network level. In-network coinsurances are based on a percentage of the Allowed Benefit. The Allowed Benefit is generally the contracted rates or fee schedules that Preferred Providers have agreed to accept as payment for covered services. These payments are established by CareFirst BlueCross BlueShield (CareFirst), however, in certain circumstances, the Allowed Benefit for a Preferred Provider may be established by law.
- 3 Out-of-network: When covered services are rendered by a provider not in the Preferred Provider network, care is reimbursed as out-of-network. Out-of-network coinsurances are based on a percentage of the Allowed Benefit. The Allowed Benefit is generally the contracted rates or fee schedules that Preferred Providers have agreed to accept as payment of covered services. These payments are established by CareFirst, however, in certain circumstances, the Allowed Benefit for an out-of-network provider may be established by law. When services are rendered by Non-Preferred Providers, charges in excess of the Allowed Benefit are the member's responsibility.
- 4 For family coverage only: When one family member meets the individual deductible, they can start receiving benefits. Each family member cannot contribute more than the individual deductible amount. The family deductible must be met before the remaining family members can start receiving benefits.
- 5 For Family coverage only: When one family member meets the individual out-of-pocket maximum, their services will be covered at 100% up to the Allowed Benefit. Each family member cannot contribute more than the individual out-of-pocket maximum amount. The family out-of-pocket maximum must be met before the services for all remaining family members will be covered at 100% up to the Allowed Benefit.
- 6 Plan has a separate out-of-pocket maximum for medical and drug expenses which accumulate independently.
- 7 Members who are unable to conceive have coverage for the evaluation of infertility services performed to confirm an infertility diagnosis, and some treatment options for infertility. Preauthorization required.

Not all services and procedures are covered by your benefits contract. This summary is for comparison purposes only and does not create rights not given through the benefit plan.

The benefits described are issued under form numbers: DC/CF/GC (R. 1/19); DC/CF/BP/EOC (R. 11/09); DC/GHMSI/DOL APPEAL (R. 1/17); DC/CF/BP/DOCS (7/08); DC/CF/BP/SOB (7/08); DC/CF/SOB HDHP (R. 7/08); DC/CF/RX3 (R. 1/18); DC/CF/LG/INCENT (R. 1/19); DC/CF/ATTC (R. 1/10) and any amendments.

BlueVision

A plan for healthy eyes, healthy lives

Professional vision services including routine eye examinations, eyeglasses and contact lenses offered by CareFirst BlueCross BlueShield and CareFirst BlueChoice, through the Davis Vision, Inc. national network of providers.

How the plan works

How do I find a provider?

To find a provider, go to carefirst.com and utilize the *Find a Provider* feature or call Davis Vision at **800-783-5602** for a list of network providers closest to you. Be sure to ask your provider if he or she participates with the Davis Vision network before you receive care.

How do I receive care from a network provider?

Simply call your provider and schedule an appointment. Identify yourself as a CareFirst BlueCross BlueShield or CareFirst BlueChoice member and provide the doctor with your identification number, as well as your date of birth. Then go to the provider to receive your service. There are no claim forms to file.

What if I go out-of-network?

BlueVision offers an allowance for a routine eye exam, eyeglasses, and contact lenses at a non-Davis Vision provider. You will be responsible for paying the entire amount of the service fees up-front. Out-of-network benefits are limited to an allowed benefit. After the services, you can submit your claim to Davis Vision for reimbursement. You can find the claim form by going to carefirst.com, locate *For Members*, then click on *Forms, Vision, Davis Vision*.

Can I get contacts and eyeglasses in the same benefit period?

With BlueVision, the benefit covers one pair of eyeglasses or a supply of contact lenses per benefit period at a discounted price¹.

Mail order replacement contact lenses

DavisVisionContacts.com offers members the flexibility to shop for replacement contact lenses online after benefits are spent. This website offers a wide array of contact lenses, easy, convenient purchasing online and quick shipping direct to your door.

Ways to Save with Generic Drugs

Take control & save on your drug costs

You can save money on prescription drugs by switching to generics. Generic drugs are proven to be just as safe and effective as their brand-name counterparts. The difference? Name and price.

What are generics?

- Generics work the same as brand-name drugs, but cost much less.
- A generic drug is essentially a copy of a brand-name drug. It contains the same active ingredients and is identical in dosage, safety, strength, how it's taken, quality, performance and intended use.
- Generic drugs are approved by the U.S. Food and Drug Administration (FDA).
- Generic drugs are manufactured in facilities that are required to meet the same FDA standards of good manufacturing practices as brand-name products.¹

Save by using generic drugs

- Generic drugs are less expensive than brand-name medications.
- A study by the FDA concluded that consumers who are able to replace all their branded prescriptions with generics can save up to 52% on their daily drug costs.²

FDA-approved generic drugs account for 90% of the prescriptions dispensed in the U.S. Having more generic drugs available reduces health care costs which increases access to medications and helps prevent shortages.

Here's an example of how much you could save by switching to a generic alternative.

Brand name	Generic name	Average monthly cost* of brand	Average monthly cost* of generic	Monthly savings if using generic
Ambien (10mg)	Zolpidem Tartrate	\$474	\$1	\$473
Coumadin (2mg)	Warfarin Sodium	\$169	\$8	\$161
Singulair (10mg)	Montelukast Sodium	\$200	\$6	\$194

*Costs based on CareFirst BlueCross BlueShield November 2018–April 2019 claims at CVS pharmacies and rounded to the nearest dollar.

How do I switch to a generic drug?

You can ask your doctor or pharmacist if any of the prescription medications you are currently taking can be filled with a generic alternative. To find out if there are lower cost drugs available, including generics, which can be used to treat your condition:

- Visit the Drug Search section on carefirst.com/rx and review the Preferred Drug List for your formulary.
- Print the list and take it with you to your doctor.
- Ask your doctor if a generic drug could work for you.

How we help you save

To help you get the most savings, our pharmacy benefit manager, CVS Caremark* notifies members by mail about opportunities to save with generic drugs.

- If you fill a prescription for a non-preferred brand drug you will receive a personalized letter from CVS Caremark with available lower-cost generic alternative options plus steps for changing to a generic alternative.
- Plus, a letter will be enclosed that you can take to your doctor on your next visit.

Prescription Drug Program

A total prescription for health

Prescription drugs are an integral part of high-quality health care. The prescription benefits your employer is offering give you an affordable and convenient way to make the best decisions when it comes to your prescriptions.

Your prescription benefits

As a CareFirst BlueCross BlueShield or CareFirst BlueChoice, Inc. (CareFirst) member, you'll have access to:

- A nationwide network of 69,000 participating pharmacies
- Access to thousands of covered prescription drugs
- Mail Service Pharmacy, a convenient and fast option to refill your prescriptions through home delivery
- Coordinated medical and pharmacy programs to help improve your overall health and reduce costs

Keeping you informed

Together with our pharmacy benefit manager, CVS Caremark^{®,*} we keep you informed about your prescription drug coverage and provide you with periodic updates about your plan through targeted mailings and phone calls. Take the call and/or review your mailed notices to learn about lower-cost drug alternatives, possible safety concerns, drug tier changes and more.

Online tools and resources

To get the most from your prescription drug plan, you need to stay informed. Our easy-to-use, interactive tools and resources are available 24/7. Visit carefirst.com/rx to see if a drug is covered, find a pharmacy, learn how drugs interact with each other and get more information about medications. You can access even more tools and resources once you're a member through *My Account* (carefirst.com/myaccount) by selecting *Drug and Pharmacy Resources* under *Coverage*.

Understanding your formulary

A formulary is a list of covered prescription drugs. Our drug list is reviewed and approved by an independent national committee comprised of physicians, pharmacists and other health care professionals who make sure the drugs on the formulary are safe and clinically effective. The prescription drugs found on the CareFirst Formulary (drug list) are divided into tiers. These tiers include zero-dollar cost share, generics, preferred brand, non-preferred brand, preferred brand specialty, and non-preferred brand specialty drugs. Your cost share is determined by the tier the drug falls into.

Drug tier	Description
Tier 0: \$0 Drugs	<ul style="list-style-type: none"> Preventive drugs (e.g. statins, aspirin, folic acid, fluoride, iron supplements, smoking cessation products and FDA-approved contraceptives for women) are available at a zero-dollar cost share if prescribed under certain medical criteria by your doctor. Oral chemotherapy drugs and diabetic supplies (e.g. insulin syringes, pen needles, lancets, test strips, and alcohol swabs) are also available at a zero-dollar cost share.
Tier 1: Generic Drugs \$	<ul style="list-style-type: none"> Generic drugs are the same as brand-name drugs in dosage form, safety, strength, route of administration, quality, performance characteristics and intended use. Generic drugs generally cost less than brand-name drugs.
Tier 2: Preferred Brand Drugs \$\$	<ul style="list-style-type: none"> Preferred brand drugs are brand-name drugs that may not be available in generic form, but are chosen for their cost effectiveness compared to alternatives. Your cost-share will be more than generics but less than non-preferred brand drugs. If a generic drug becomes available, the preferred brand drug may be moved to the non-preferred brand category.
Tier 3: Non-Preferred Brand Drugs \$\$\$	<ul style="list-style-type: none"> Non-preferred brand drugs often have a generic or preferred brand drug option where your cost share will be lower.
Tier 4: Preferred Specialty Drugs \$\$\$\$	<ul style="list-style-type: none"> Preferred specialty drugs are medications that may be used to treat complex and/or rare health conditions. These drugs may have a lower cost-share than non-preferred specialty drugs.
Tier 5: Non-Preferred Specialty Drugs \$\$\$\$\$	<ul style="list-style-type: none"> Non-preferred specialty drugs often have a specialty drug option where your cost-share will be lower.

Note: If the cost of your drug is less than your copay or coinsurance, you only pay the cost of the drug. Once you meet your deductible (if applicable to your plan), you may pay a different copay or coinsurance for drugs depending on the drug tier. Some drugs may not be covered based on your plan. There is an exception process if you need an excluded drug to be covered for medical necessity reasons. Check your benefit summary or enrollment materials for specific plan information. Once you are a member, you can view specific cost-share information in *My Account*.

Preferred Drug List

CareFirst's Preferred Drug List includes generic and preferred brand drugs selected for their quality, effectiveness and safety by the CVS Caremark national Pharmacy and Therapeutics (P&T) committee. By using the Preferred Drug List, you can work with your doctor or pharmacist to make safe and cost-effective decisions to better manage your health care and out-of-pocket costs.

Non-preferred drugs aren't included on the Preferred Drug List; they are still covered but at the highest cost share. Also, some drugs on the Preferred Drug List may not be covered based on your plan. To see your formulary and Preferred Drug List, go to [carefirst.com/rx](https://www.carefirst.com/rx).

Prescription guidelines

Some medications are only intended to be used in limited quantities; others require that your doctor obtain prior authorization through CareFirst before they can be filled. These drug guidelines are indicated on the formulary found at [carefirst.com/rx](https://www.carefirst.com/rx).

- **Quantity limits** are placed on selected drugs for safety, quality or utilization reasons. Limits may be placed on the amount of the drug covered per prescription or for a defined period of time. If your doctor decides that a different quantity of medication is right for you, your doctor can request prior authorization for coverage.
- **Prior authorization** is required before you fill prescriptions for certain drugs. Your doctor must obtain prior authorization before they can be filled. Without prior authorization approval, your drugs may not be covered.
- **Step therapy** ensures you receive a lower-cost drug option as the first step in treating certain health conditions. When similar drugs are available, step therapy guides your doctor to prescribe the lower-cost option first. You may then move up the cost levels until you find the drug that works best for you. Higher step drugs may require prior authorization by your doctor before they can be covered.

Two ways to fill

Retail pharmacies

With access to 69,000 pharmacies across the country, you can visit [carefirst.com/rx](https://www.carefirst.com/rx) and use our *Find a Pharmacy* tool to locate a convenient participating pharmacy. Be sure to take your prescription and member ID card with you when filling prescriptions.

Mail Service Pharmacy

Mail order is a convenient way to fill your prescriptions, especially for refilling drugs taken frequently. You can register three ways—online through *My Account*, by phone or by mail. Once you register you'll be able to:

- Refill prescriptions online, by phone or by email
- Choose your delivery location
- Consult with pharmacists by phone 24/7
- Schedule automatic refills
- Receive email notification of order status
- Choose from multiple payment options

Ways to save

Here are some ways to help you save on your prescription drug costs.

- **Use generic drugs**—generic drugs can cost up to 80% less than their brand-name counterparts. Made with the same active ingredients as their brand-name counterparts, generics are also equivalent in dosage, safety, strength, quality, performance and intended use.
- **Use drugs on the Preferred Drug List**—the Preferred Drug List identifies generic and preferred brand drugs that may save you money.
- **Use the Drug Pricing Tool**—this tool allows you to compare the cost of a drug purchased at a pharmacy versus purchasing the same drug through mail order, as well as view generic drugs available at a lower cost.
- **Use mail order**—by using our Mail Service Pharmacy you get the added convenience of having your prescriptions delivered right to your home. Plus, if you pay a coinsurance for your maintenance drugs, the overall cost of the drug may be less expensive through mail order, reducing your out-of-pocket costs.

Care management programs

We offer care management programs and tools designed to improve your health while lowering your overall health care costs.

Specialty Pharmacy Coordination Program

This program addresses the unique clinical needs of members taking high-cost specialty drugs for certain complex health conditions like multiple sclerosis, rheumatoid arthritis and hemophilia. Members receive enhanced one-on-one support with a registered nurse and dedicated clinical team who will coordinate care with your doctor.

The program provides:

- 24-hour pharmacist assistance
- Injection training coordination
- Educational materials for your specific condition
- A one-month supply of your specialty drug interaction monitoring and review
- Drugs mailed to your home or office, or available for pick up at any CVS retail pharmacy

Comprehensive Medication Review

When you are taking multiple drugs to treat a medical condition, it can be overwhelming. The Comprehensive Medication Review program can connect you with a CVS Caremark pharmacist who will review your drugs and talk to your doctor about dosages, duration and any other pertinent issues. The pharmacist will work with your doctor to evaluate opportunities to:

- Identify possible drug interactions
- Improve drug adherence
- Reduce gaps in care
- Eliminate duplications in drug therapy

The program works with your doctor to ensure that you are not only taking the best drugs to manage your conditions, but you are also able to take your drugs as prescribed.

Medication Therapy Management Program

Taking medications as prescribed not only helps improve your health but can also reduce your health care costs. CareFirst's Medication Therapy Management program is designed to help you get the best results from your drug therapy.

We review pharmacy claims for opportunities to:

- Save you money
- Support compliance with medications
- Improve your care
- Ensure safe use of high-risk medications

When opportunities are identified, "Drug Advisories" will be communicated to either you and/or your doctor regarding your drug therapy. Through our Pharmacy Advisor program, you may also have the opportunity to speak one-to-one with a pharmacist, who can answer questions and help you manage your prescription drugs.

Should you have any questions about your prescription benefits, please contact CareFirst Pharmacy Services at 800-241-3371.

CareFirst Specialty Pharmacy Coordination Program

Personalized care for managing your chronic medical condition

Do you have a chronic condition that requires specialty medications? Our CareFirst Specialty Pharmacy Coordination Program can help you achieve better results from your medication therapy through personalized care, support and services designed to help manage your condition.

Through this program CareFirst addresses the unique clinical needs of members who take high-cost specialty drugs for certain conditions like multiple sclerosis, hepatitis C and hemophilia. We recognize that members taking specialty drugs require high-touch, high-quality care coordination and support to assure the best possible outcomes. With this program you have access to the following services:

- Comprehensive assessment of the patient at program initiation
- Coordination between the specialty care coordination team and the patient's primary care provider (PCP)
- Drug interaction review
- Drug and condition-specific education and counseling on medication adherence, side effects and safety
- Refill reminders and inventory coordination to reduce drug waste
- On call pharmacists 24 hours a day, seven days a week for assistance
- Specialty drug care coordination with a registered nurse specializing in select disease states (multiple sclerosis, hemophilia, hepatitis C and select intravenous immunoglobulin conditions)

In order to maximize the effectiveness of the Specialty Pharmacy Coordination Program, your specialty medications must be filled through CVS/caremark Specialty Pharmacy.

By using the CareFirst Exclusive Specialty Pharmacy network, you get specialty medications and personalized pharmacy care management services from a team of clinical experts specially trained in your health condition as well as access to:

- Drug and condition-specific education and counseling
- Confidential, professional and personal care
- On-call pharmacist 24 hours a day, seven days a week
- Insurance and financial coordination assistance
- Online support and resources

Our Specialty Customer Care Team addresses your unique clinical needs, and helps improve adherence, persistency to prescribed therapies and safety, thereby improving your overall health and costs.

Blue Rewards

Earning your rewards has never been easier! With our Blue Rewards incentive program, you can decide which healthy activities interest you and be rewarded for completing them.

How it works

Blue Rewards offers you incentives for taking steps to get and stay healthy. Both you and your spouse/ domestic partner can earn rewards for completing one, or all, of the following activities:

Earn \$50

Consent to receive wellness emails and take the RealAge® test

The RealAge test is a simple questionnaire that will help you determine the physical age of your body compared to your calendar age.

Must complete within 120 days of your effective date.

Earn \$100

Select a primary care provider (PCP) and complete a health screening

You can visit your PCP or a CVS MinuteClinic® to complete your screening.

Must complete within 120 days of your effective date.

Earn \$25

Retake the RealAge test

If you earned the reward for taking the test initially, you can earn an additional reward for retaking it after six months.

Must complete before the end of your benefit period.

Learn more about the activities

Choosing a PCP

Even if you are young and healthy, or don't visit the doctor often, choosing a PCP is key to maintaining good health. PCPs play a huge role in keeping you healthy for the long run by:

- Helping you keep on top of preventive care like annual exams
- Coordinating the care you receive from other providers
- Providing quick and easy access to the care you need
- Getting to know you, your medical history, your habits and any concerns

RealAge

Developed by our trusted partner, Sharecare, Inc., the RealAge test is a confidential, online health assessment that helps determine the physical age of your body compared to your calendar age. RealAge identifies the habits impacting your body's age so you can improve your well-being.

Health screening

Health screenings help you understand your current health status, so you can take steps to improve it. You can complete a health screening with your PCP or at a CVS MinuteClinic.

Your CareFirst Blue Rewards Visa® Incentive Card

After you complete one or more of the activities, you'll receive your incentive card in about 10-14 days. The incentive card can be used toward your annual deductible or other out-of-pocket costs like copays or coinsurance related to eligible expenses (medical, prescription drug, dental and vision) under your CareFirst BlueCross BlueShield (CareFirst) health plan. Make sure to always save your receipts as proof of your expense.

Keep the card as long as you are a CareFirst member as any future incentives you earn will be automatically added to the same card.

You have until the end of your benefit period to use your reward, plus an additional 90 days to reimburse yourself for any eligible expense that occurred within that benefit period.

Note: only one card is issued to the policyholder, but it can be used by everyone covered under your policy (including dependent children).

Log in today. If you don't already have a Sharecare account, visit carefirst.com/sharecare. You'll need to enter your CareFirst *My Account* username and password and complete the one-time registration with Sharecare to link your CareFirst account information. This will help personalize your experience.

Note: If you don't have a CareFirst *My Account*, follow the screen prompts to register, using your CareFirst member ID or alternate ID.

Know Before You Go

Your money, your health, your decision

Choosing the right setting for your care—from allergies to X-rays—is key to getting the best treatment with the lowest out-of-pocket costs. It's important to understand your options so you can make the best decision when you or your family members need care.*

Primary care provider (PCP)

The best place to get consistent, quality health care is your primary care provider (PCP). If you have a medical issue, having a doctor who knows your health history often makes it easier to get the care you need.

24-Hour Nurse Advice Line

Registered nurses are available 24/7 to discuss your symptoms with you and recommend the most appropriate care. Call 800-535-9700 anytime to speak with a nurse.

CareFirst Video Visit

When your PCP isn't available and you need urgent care services, CareFirst Video Visit securely connects you with a doctor, day or night, through your smartphone, tablet or computer. In addition, you can schedule visits for other needs such as behavioral health support from a therapist or psychiatrist, guidance from a certified nutritionist or breastfeeding support from a lactation consultant. It's a convenient and easy way to get the care you need, wherever you are. Visit carefirstvideovisit.com to get started.

Convenience care centers (retail health clinics)

These are typically located inside a pharmacy or retail store (like CVS MinuteClinic or Walgreens Healthcare Clinic) and offer care for non-emergency situations like colds, pink eye, strep tests and vaccinations. These centers usually have evening and weekend hours.

Urgent care centers

Urgent care centers (such as Patient First or ExpressCare) provide treatment for injuries and illnesses that require prompt medical attention but are not life-threatening (sprains, minor cuts, flu, rashes, minor burns). These centers have doctors on staff and offer weekend/after-hours care.

Emergency room (ER)

Emergency rooms treat acute illnesses and trauma. Go to the ER right away if you or a family member have sudden symptoms that need emergency care, including (but not limited to): chest pain, trouble breathing or head trauma. Prior authorization is not needed for emergency room services.

* The medical providers mentioned in this document are independent providers making their own medical determinations and are not employed by CareFirst. CareFirst does not direct the action of participating providers or provide medical advice.

When you need care

When your PCP is not available, being familiar with your options will help you locate the most appropriate and cost-effective medical care. The chart below shows how costs* may vary for a sample health plan depending on where you choose to get care.

Talking to Your Doctor

Address your concerns and understand treatment options

Taking an active role in your healthcare and working with your doctor is an important part of achieving the best level of health for you. Research shows that active, assertive patients are more likely to follow a doctor's advice and recover more completely, when they understand their treatment and have a part in planning it. And it starts with good communication. Here are some tips to help you get the most out of your relationship with your doctor.

Be prepared—have your answers ready

If you're going to discuss a new problem with your doctor, you'll need to give some information. Jotting down some notes before your visit can help the doctor narrow down the diagnosis and develop a treatment plan.

To start, write down the answers to the following questions:

- What is your main problem?
 - What are the key symptoms?
 - When did your problem begin? Try to give the exact time.
 - Have you had this problem before? If so, when? And what happened?
 - What have you done to try and relieve the problem?
 - Have you used any medications? If yes, what kind? What happened?
 - What makes this problem worse?
 - List activities, medications, foods or other situations.
 - Are you allergic to any medications or have you recently taken a new medication?
- What may have caused the problem?
 - Does anyone around you have similar symptoms?
 - Did you eat some unusual food?
 - What is your family history?
 - Is there a history of heart disease, high blood pressure, diabetes, breast cancer, etc. among your parents, grandparents, brothers or sisters?

Ask questions during your visit

You'll feel more prepared if you jot down a few questions to ask your doctor. Make sure you have the answers you need before you leave your doctor's office.

About my condition or disease

- What's my diagnosis?
- What caused my condition?
- Can it be treated?
- How will this affect me now and in the future?
- Should I watch for specific symptoms and notify you if they occur?
- Should I make any lifestyle changes?

About my treatment

- What treatment is available for my condition?
- When will treatment start? And how long will it last?
- What are the risks and side effects associated with this treatment?
- What are the benefits of this treatment? How successful is it?
- If my treatment includes taking medication, what should I do if I miss a dose?
- Are there foods, medications or activities I should avoid while I'm on this treatment?
- Are other treatments available?

About my tests

- What kinds of tests will I have?
- What do you expect to find out from these tests?
- When will I know the results?
- Do I have to do anything special to prepare for the tests?
- Do these tests have side effects or risks?
- Will I need more tests later?

Remembering what you've discussed with your doctor

Understanding and remembering what happened during your visit is essential to achieving the best possible care. So, here are a few more tips:

- Either you, a friend or family member should take notes.
- Ask your doctor to write down their instructions to you.
- Get printed material about your condition from your doctor.
- Want more information? Ask your doctor or your health care team—such as your nurse and pharmacist—for additional resources.

BlueCard® & Global Core

Wherever you go, your health care coverage goes with you

With your Blue Cross and Blue Shield member ID card, you have access to doctors and hospitals almost anywhere. BlueCard gives you the peace of mind that you'll always have the care you need when you're away from home, from coast to coast. And with Blue Cross Blue Shield Global Core (Global Core) you have access to care outside of the U.S.

As always, go directly to the nearest hospital in an emergency.

Your membership gives you a world of choices. More than 93% of all doctors and hospitals throughout the U.S. contract with Blue Cross and Blue Shield plans. Whether you need care here in the United States or abroad, you'll have access to health care in more than 190 countries.

When you're outside of the CareFirst BlueCross BlueShield and CareFirst BlueChoice, Inc. service area (Maryland, Washington, D.C., and Northern Virginia), you'll have access to the local Blue Cross Blue Shield Plan and their negotiated rates with doctors and hospitals in that area. You shouldn't have to pay any amount above these negotiated rates. Also, you shouldn't have to complete a claim form or pay up front for your health care services, except for those out-of-pocket expenses (like non-covered services, deductibles, copayments, and coinsurance) that you'd pay anyway.

Within the U.S.

1. Always carry your current member ID card for easy reference and access to service.
2. To find names and addresses of nearby doctors and hospitals, visit the National Doctor and Hospital Finder at www.bcbs.com, or call BlueCard Access at 800-810-BLUE (2583).
3. Call Member Services for pre-certification or prior authorization, if necessary. Refer to the phone number on your ID card because it's different from the BlueCard Access number listed in Step 2.
4. When you arrive at the participating doctor's office or hospital, simply present your ID card.
5. After you receive care, you shouldn't have to complete any claim forms or have to pay up front for medical services other than the usual out-of-pocket expenses. CareFirst will send you a complete explanation of benefits.

Around the world

Like your passport, you should always carry your ID card when you travel or live outside the U.S. The BlueCard Worldwide program provides medical assistance services and access to doctors, hospitals and other health care professionals around the world. Follow the same process as if you were in the U.S. with the following exceptions:

- At hospitals in the Global Core Network, you shouldn't have to pay up front for inpatient care, in most cases. You're responsible for the usual out-of-pocket expenses. And, the hospital should submit your claim.
- At hospitals outside the Global Core Network, you pay the doctor or hospital for inpatient care, outpatient hospital care, and other medical services. Then, complete an international claim form and send it to the Global Core Service Center. The claim form is available online at bcbs.globalcore.com.
- To find a BlueCard provider outside of the U.S. visit bcbs.com, select *Find a Doctor or Hospital*.

Members of Maryland Small Group Reform (MSGR) groups have access to emergency coverage only outside of the U.S.

Medical assistance when outside the U.S.

Call 800-810-BLUE (2583) toll-free or 804-673-1177, 24 hours a day, 7 days a week for information on doctors, hospitals, other health care professionals or to receive medical assistance services. A medical assistance coordinator, in conjunction with a medical professional, will make an appointment with a doctor or arrange hospitalization if necessary.

Visit bcbs.com to find providers within the U.S. and around the world.

Coordination of Benefits

If you're covered by more than one health plan

As a valued CareFirst member, we want to help you maximize your benefits and lower your out-of-pocket costs. If you're insured by more than one health insurance plan, our Coordination of Benefits program can help manage your benefit payments for you, so that you get the maximum benefits.

What is Coordination of Benefits (COB)?

It's a way of organizing or managing benefits when you're covered by more than one health insurance plan. For example:

- You and your spouse have coverage under your employer's plan.
- Your spouse also has coverage with another health insurance plan through his or her employer.

When you're covered by more than one plan, we coordinate benefit payments with the other health care plan to make sure you receive the maximum benefits entitled to you under both plans.

How does COB work?

CareFirst BlueCross BlueShield and CareFirst BlueChoice, Inc. (collectively, CareFirst) and most commercial insurance carriers follow the primary-secondary rule. This rule states when a person has double coverage, one carrier is determined to be the primary plan and the other plan becomes the secondary plan.

The **primary plan** has the initial responsibility to consider benefits for payment of covered services and pays the same amount of benefits it would normally pay, as if you didn't have another plan.

The **secondary plan** then considers the balances after the primary plan has made their payment. This additional payment may be subject to applicable deductibles, copay amounts, and contractual limitations of the secondary plan.

With the COB between your primary and secondary plans, your out-of-pocket costs may be lower than they would've been if you only had one insurance carrier.

Covered by more than one health plan? Contact Member Services at the number listed on your ID card.

Coordination of Benefits

What if I have other coverage?

Contact Member Services at the number listed on your ID card, so we can update your records and pay your claims as quickly and accurately as possible. Let us know when:

- You're covered under another plan.
- Your other coverage cancels.
- Your other coverage is changing to another company.

We may send you a routine questionnaire asking if you have double coverage and requesting information regarding that coverage, if applicable. Complete and return the form promptly, so we can continue to process your claims.

How do I submit claims?

When CareFirst is the primary plan

You or your doctor should submit your claims first to CareFirst, as if you had no other coverage. The remaining balance, if any, should be submitted to your secondary plan. Contact your secondary plan for more information on how to submit the claims for the remaining balance.

When CareFirst is the secondary plan

Submit your claim to the primary plan first. Once the claim has been processed and you receive an Explanation of Benefits detailing the amount paid or denial reasons, the claim can be submitted to CareFirst for consideration of the balances. Mail a copy of the Explanation of Benefits from the primary carrier and a copy of the original claim to the address on the back of your CareFirst ID card.

When CareFirst is the primary and secondary plan

You don't need to submit two claims. When a claim form is submitted, write the CareFirst ID number of the primary plan in the subscriber ID number space. Then complete the form by indicating the CareFirst secondary plan ID number under *Other Health Insurance*. In most cases, we'll automatically process a second claim to consider any balances.

Which health plan is primary?

There are standard rules throughout the insurance industry to determine which plan is primary and secondary. It's important to know these rules because your claims will be paid more quickly and accurately if you submit them in the right order. Keep in mind that the primary-secondary rule may be different for different family members.

Here are the rules we use to determine which plan is primary:

- If a health plan doesn't have a COB provision, that plan is primary.
- If one person holds more than one health insurance policy in their name, the plan that has been in effect the longest is primary.
- If you're the subscriber under one plan and a covered dependent under another, the plan that covers you as the subscriber is primary for you.
- If your child(ren) are covered under your plan and your spouse's plan, the Birthday Rule applies. This rule states the health plan of the parent whose birthday occurs earlier in the year is the primary plan for the children.
 - For example, if your birthday is May 3 and your spouse's is October 15, your plan is primary for your children. But, if the other insurer does not follow the Birthday Rule, then its rules will be followed.
 - When parents are separated or divorced, the family plan in the name of the parent with custody is primary unless this is contrary to a court determination.
 - For dependent coverage only, if none of the above rules apply, the plan that's covered the dependent longer is primary.

Rights & Responsibilities

Notice of privacy practices

CareFirst BlueCross BlueShield and CareFirst BlueChoice, Inc. (collectively, CareFirst) are committed to keeping the confidential information of members private. Under the Health Insurance Portability and Accountability Act of 1996 (HIPAA), we are required to send our Notice of Privacy Practices to members of fully insured groups only. The notice outlines the uses and disclosures of protected health information, the individual's rights and CareFirst's responsibility for protecting the member's health information.

Or call the Member Services telephone number on your member ID card. Members of self-insured groups should contact their Human Resources department for a copy of their Notice of Privacy Practices. If you don't know whether your employer is self-insured, please contact your Human Resources department.

Member satisfaction

CareFirst wants to hear your concerns and/or complaints so that they may be resolved. We have procedures that address medical and non-medical issues. If a situation should occur for which there is any question or difficulty, here's what you can do:

- If your comment or concern is regarding the quality of service received from a CareFirst representative or related to administrative problems (e.g., enrollment, claims, bills, etc.) you should contact Member Services. If you send your comments to us in writing, please include your member ID number and provide us with as much detail as possible regarding any events. Please include your daytime telephone number so that we may contact you directly if we need additional information.

CareFirst appreciates the opportunity to improve the level of quality of care and services available for you. As a member, you will not be subject to disenrollment or otherwise penalized as a result of filing a complaint or appeal.

- If your concern or complaint is about the quality of care or quality of service received from a specific provider, contact Member Services. A representative will record your concerns and may request a written summary of the issues. To write to us directly with a quality of care or service concern, you can:
 - Send an email to:
quality.care.complaints@carefirst.com
 - Fax a written complaint to: **301-470-5866**
 - Write to:
**CareFirst BlueCross BlueShield
Quality of Care Department
P.O. Box 17636
Baltimore, MD 21297**

If you send your comments to us in writing, please include your identification number and provide us with as much detail as possible regarding the event or incident. Please include your daytime telephone number so that we may contact you directly if we need additional information. Our Quality of Care Department will investigate your concerns, share those issues with the provider involved and request a response. We will then provide you with a summary of our findings. CareFirst member complaints are retained in our provider files and are reviewed when providers are considered for continuing participation with CareFirst.

These procedures are also outlined in your Evidence of Coverage.
